

Connex

Design: Jörg Bernauer

Things used to be complicated. We've simplified matters.  
Its functions respond automatically to the body's needs  
to ensure an ideal sitting position with minimum fuss.

**KLÖBER**  
the art of sitting

| BASIC SPECIFICATION (further functions and equipment features on the next page) |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
